## FAQ – Hair Extension Rentals

### How do I return the extensions?

You may ship them back using the provided packaging (must be shipped by Monday via USPS) or drop them off at the salon.

### Do I need to wash them first?

No. Please return the extensions in the provided bag. We will handle cleaning.

### How are they sanitized between uses?

Each set is double-washed (clarifying + regular shampoo), and clips are disinfected with salon-grade spray.

### Is there a deposit?

No upfront deposit is required. A card on file is required, and a \$300 replacement fee will be charged only if the extensions are damaged or lost.

### How much hair is used?

It depends on your style. Some looks need more hair than others, but the flat rental fee covers a full set either way.

### When do I pay?

The \$150 rental fee will be added to your day-of total.
